

Jobs in Directional Drilling

There are current employment opportunities for Directional Drill operators / trackers within A E Yates Trenchless Solutions Ltd.

These are temporary vacancies initially for 4 months although may become permanent.

We are looking for people with suitable experience of working in this specialist area, but those with experience of other types of trenchless work, such as auger boring will also be considered.

You should be driven to achieve results, have good practical experience of the challenges of working below ground and be committed to working safely and within the systems and good practise expected by us and our clients.

You must hold a CSCS card at the appropriate level, Uk Driving Licence, and HGV Licence (preferable but not mandatory).

Please apply initially to Nick Whitehead, Senior Drilling Manager by telephone on 01204 696175 or email to nick.whitehead@aeyates.co.uk

AEYTS is an equal opportunities employer and applications are welcomed from all suitably qualified candidates.
