

REFURBISHMENT OF RINGLEY BRIDGE OVER RIVER IRWELL, BOLTON

Client:

Bolton MBC

Summary:

High profile refurbishment of a busy highway bridge over the River Irwell.

PROJECT DETAILS

Works order through our 'Bridges & Structures Framework' with Bolton MBC. Refurbishment of a highway bridge over the River Irwell requiring a full closure. Jacking up of bridge structure to replace and some bearings and maintain others, concrete repairs, rewaterproof deck, scaffold and encapsulate to grit blast and repaint extensive steel bridge beams and supporting structure. Safety measures for working at height and over water. Service diversions, protection and accommodation works. Reconstruct footways & highway. Extensive PR in conjunction with the Client with local residents and travelling public.
