

HIGHWAY IMPROVEMENTS & SLIP ROAD CONSTRUCTION ON A666 IN BOLTON

Client:

Bolton MBC

Summary:

Re-prioritise traffic in the town centre and relieve town centre congestion by providing additional slip road on to the A666 St. Peters Way Dual Carriageway.

PROJECT DETAILS

Re-configuration of Town Centre streets and upgrading of 4 signalised junctions, including kerbing, drainage, carriageway surfacing, new footways, lighting, traffic signals, lining & signing. Also the construction of a new slip road onto A666 St Peters Way dual carriageway from Bury New Road.
