

## REPLACEMENT STRESS LAMINATED FOOTBRIDGE PAPERHOUSE, NORDEN, ROCHDALE

Client:

**Rochdale MBC**

Summary:

Replacement of a footbridge over the Mill Croft Brook in a secluded wooded area popular with walkers.

### PROJECT DETAILS

Access & accommodation works to a remote site, construction of RC bank seats, construction of an 18m span novel new 'stress laminated timber' footbridge over a major watercourse in an amenity area, footway enhancements, landscaping & finishes. Supports for diverted HV cable under the completed bridge, removal of old temporary supporting structure and fencing.
