

HORIZONTAL DIRECTIONAL DRILLING AT MARKFIELD ROAD, RATBY, LEICESTER

Client:

Pipeforce (Newark) Ltd
Laing O'Rourke
Severn Trent Water

Summary:

Water main reinforcement

PROJECT DETAILS

Installation of approximately 3000m of 180mm water pipe. Install was along a busy country road and drilling was the chosen installation method as it kept the disruption to traffic to a minimum. It also reduced the timescale of the works.

GROUND CONDITIONS

- Clay although some boulders were encountered
