

## STEEL PILE RETAINING WALL ON CRABB LANE

Client:

**Bedfordshire  
Highways**

Summary:

Sheet Pile Retaining Wall on  
Crabb Lane

Installing the retaining wall with the Movax

## PROJECT DETAILS

We were contracted to build a retaining wall to help prevent the embankment slipping. We were contracted to supply and install L603 piles for bank stabilisation to Crabb Lane. 84nr at 4.5m, 9nr at 3.5m and 2nr omega piles. Installed with Movax. The project was near to Railway lines.
